ELEMENTARY SCHOOL**

**STUDENT HANDBOOK
2007—2008**

Welcome to Meigs Elementary Schools

The mission of Meigs Elementary Schools follows the leadership of the Meigs County School District, in cooperation with its citizens, to develop well-rounded students that possess a sound basic education, a feeling of self-worth and a formula for success that will produce morally strong, productive citizens for our ever-changing society.

The staff at both schools hope all students find this year very rewarding, exciting, and enjoyable. Their success is based on developing good study habits, making new friends and being themselves.

Parents are very important to us. It is our goal to work closely with each of you to ensure that your child is provided the best education possible. Children are more capable of achieving this success whenever a strong home and school partnership is formed.

Any food that is sent to school with your child should be healthy and nutritious. Please check with your child's teacher before sending food to be served to the entire class for any reason such as a class party. We do have children with food allergies and wish to keep everyone safe.

We are looking forward to a great year. A team effort between home, school, and student will ensure our school as a place of promoting a love for learning.

Any form of dress or hair style which is considered contrary to good hygiene or which is destructive or disruptive in appearance and detrimental to the purpose or conduct of the school, will not be permitted. Shorts of an appropriate length and size (at or below the fingertips when standing erect with arms at side) will be permitted for boys and girls; however, spaghetti strap tops, tube tops, halters, or other similar items of clothing will not be permitted. Shirts with obscene or questionable printing on them will not be permitted. Hats and caps are not permitted. Because of the destructive nature, no metal cleats or taps will be permitted on boots or shoes. Shoes that convert into roller skates will not be permitted. Backpacks must be clear or see-through for all grades. (Board Policy 6.310)

SCHOOL SUPPLIES may be purchased each morning during times designated by the school.

DISCIPLINARY PROCEDURES School discipline is simply a matter of courtesy, manners, and attitudes on the part of the students. All faculty members and administrative members have equal authority. Insubordination will not be permitted. Students are expected to do what is asked of them under the jurisdiction of any faculty member. Teachers are employed to TEACH, NOT POLICE and students are expected to be in school to LEARN and conduct themselves accordingly. Different forms of discipline may be administered according to the severity of the offense, the individual student, and the judgment of the teacher.

Corporal punishment is permitted by county board policy and state law when deemed necessary by the teacher or principal. If corporal punishment is not to be administered to a child, then you must submit a letter in writing to the principal. This must be done each year. The letter is to be submitted in August or when you enroll in Meigs County Schools.

When disciplinary problems warrant the need for a parent-teacher conference, parents will be expected to meet at a convenient time for both parents and teacher. When a student refuses discipline from the teacher, the student will be sent to the office. After the classroom teacher has tried several methods of discipline with a student and the student does not conform, action will be taken through the principal.

- 1st Offense—principal conference with student and parent will be notified.
- 2nd Offense—in-school suspension
- 3rd Offense—the child and parent are required to appear before the Disciplinary Board.

SUSPENSIONS When a number of disciplinary cases have been reported, indicating that a student has not conformed to the acceptable rules and regulations of the school, it shall be up to the discretion of the principal to determine if the student's conduct warrants suspension. Suspension will be enforced when students refuse any discipline. In case of suspension, the parents or guardians shall be notified of the suspension at once and asked to pick their child up at school. (Board Policy 6.313)

REASONS FOR SUSPENSION A student shall be suspended from school sponsored activities for the following:

1. Willful and persistent violation of the school's rules and regulations.
2. Fighting—All persons that exchange contact in the fight will be punished. The person in charge will make every effort to determine which person is responsible for starting the fight and punished accordingly. Students should learn to report intimidating behavior to the teacher in charge and NOT TO RETURN BLOWS.
3. Violence or threatened violence against the person of any employee of the Board of Education will be handled in accordance with the guidelines formulated on 9-15-99.
4. Possession of a pistol, gun, or firearm on school property.
5. Possession of a knife, etc. as described in TCA 39-4901 on school property.
6. Gambling on school grounds.
7. Stealing
8. Unlawful use or possession of barbitol or legend drugs, as defined in TCA 52-1202.

PROBLEMS OR CONCERNS should be handled in the following way:

- A. Any problem concerning your child should first be brought to the attention of your child's teacher.
- B. If a solution cannot be found by meeting with the classroom teacher, the parent next needs to address the problem with the principal.
- C. If an agreement is not reached after a conference with the principal, the Board of Education will hear the concern and render a decision. Complaints made to the board must be submitted to the school's principal and Board in writing. Request to address the Board must be approved at least five days before the meeting.

- The Meigs County School System does not discriminate on the basis of age, sex, race, creed, national origin or disabling conditions in the education programs or activities that it operates. This policy not to discriminate extends to employment by the school system. In order to fulfill its obligation under Section 504 and ADA, the system has the obligation to identify and evaluate students suspected by the system as being disabled; and if the student is eligible, to afford access and reasonable modifications to the student in order to provide educational services. If there is a disagreement regarding these issues, the complainant has a right to a hearing before an impartial party.

Under the guidelines of IDEA '97, Meigs County Schools are actively searching for students enrolled in private schools or who are home schooled that would meet the Federal guidelines of begin educationally disabled.
